

## Reservation Information

### Availability:

These programs are available any day of the week, year-round. Programs are scheduled on a first-come basis.

### Cost:

See individual program descriptions for fees. Payment is due on the day of the program. Prices good through December 15, 2012.

### Travel Fee:

There is a \$5 travel fee. Consecutively scheduled programs with less than a 30 minute break in between only have to pay the travel fee once.

### Reservations:

To make a reservation for a group program, contact Elisa Joy Payne, Environmental Education Coordinator at 503/629-6350 or [epayne@thprd.org](mailto:epayne@thprd.org).

# Traveling Preschool Nature Programs

Bring nature into your classroom with one of these traveling programs. Led by a naturalist, each program includes a story, real specimens, hands-on learning activities, and ways for students to connect to the nature in their community.

## Busy Beavers

Cutting down trees, building dams, and swimming, swimming, swimming - my, beavers are busy! Students will discover how beaver gets all of their chores done and how humans try to copy beaver's creativity.

**Length:** 45 minutes      **Fee:** \$50

## Dazzling Dragonflies

From being born in the water to hovering high up in the sky, the dragonfly lives an interesting life. Students will learn about the dragonfly life cycle and some of their amazing adaptations.

**Length:** 45 minutes

**Fee:** \$50

## Rambling Raccoons

Most people recognize these creatures that search forests and neighborhoods for anything that can be eaten by their black masks. Students will wear their own masks for a nocturnal adventure in the classroom using their senses.

**Length:** 45 minutes      **Fee:** \$50

## Wise Owls

See a Great Horned Owl specimen up close! Find out what makes an owl different from other birds and where to look for owls when you are outside in the dark.

**Length:** 45 minutes      **Fee:** \$50

## Woody Wood Ducks

One of the most colorful ducks in the world will come to life in your classroom. From nesting in trees to swimming in ponds, students will be able to recognize a wood duck next time they see it in their neighborhood park.

**Length:** 45 minutes      **Fee:** \$50

## Preschool Field Trips

When you are ready to adventure out of the classroom and into the wild, we'd love to go along.

### Stories in the Forest

The forest has been a source of wonder to people for generations. Join an experienced naturalist on a journey of discovery, hear tales, and find out how you can read the forest to gather clues about the creatures living here.

**Length:** 1 hour      **Fee:** \$45 per group

**Group size:** Up to 12 children (larger groups can be split to participate in simultaneous programs)
