The Tualatin Hills Park & Recreation District ("THPRD") offers a variety of fun and enriching summer camps for children. This summer, in response to the health and safety concerns posed by the novel coronavirus ("COVID-19"), THPRD summer camps will implement many new safety rules and precautions that campers and their families are expected to follow.

COVID-19 is a contagious disease that has been declared a global pandemic by the World Health Organization. COVID-19 can be life-threatening, although individuals with COVID-19 may be asymptomatic for a period of time or may never become symptomatic. Health experts are still learning how COVID-19 is spread from infected persons to others, though believe that transmission may occur through the air, close personal contact, and contact with a surface that has the virus on it.

The health, safety, and well-being of campers and staff members is important to THPRD. In an effort to mitigate the risk of COVID-19 spreading at THPRD summer camps, THPRD is implementing a number of new COVID-19 safety rules and precautions. These COVID-19 safety rules and precautions include: maintaining smaller and stable group sizes; selecting activities based on ability to maintain physical distancing and reducing touchpoints; tracking illness symptoms; and increased sanitation procedures. Please review THPRD’s summer camp COVID-19 safety rules and precautions at http://www.thprd.org/pdfs2/document4418.pdf

As a parent of a camper, I understand and acknowledge that despite the COVID-19 safety rules and precautions that THPRD is implementing, THPRD cannot eliminate the risk that my child is exposed to COVID-19 at THPRD’s summer camps. I also understand and acknowledge that given the nature of the activities at THPRD's summer camps and the age of the campers, these COVID-19 safety rules and precautions may not be fully adhered to by campers or staff members at all times. With these understandings and acknowledgements, I am voluntarily allowing my child to participate in a THPRD summer camp.

Reducing the spread of COVID-19 in our community is a shared responsibility among all of us. As a condition of my child's participation in summer camp, I agree to support THPRD in implementing its COVID-19 safety rules and precautions by the adhering to the following:

- Before the first day of camp, I will review THPRD’s COVID-19 safety rules and precautions with my camper and discuss the importance of following these rules and other safety-related instructions from camp counselors.
- I understand that prior to attending camp each day, my camper, and the person dropping off will be asked to answer health screening questions relating to COVID-19 for the camper. The answers will be recorded on the check-in sheet.
- I will be required to take my camper’s temperature before arriving to camp, and share this information at check-in. I understand that my camper will not be allowed to enter camp if their temperature has not been checked.
- I will promptly report any concerns about campers and staff members to Sabrina Taylor, Recreation Manager (staylor@thprd.org), in accordance with THPRD’s COVID-19 safety rules and precautions.
• I will report to Sabrina Taylor, Recreation Manager (staylor@thprd.org) as soon as possible if my child has a presumptive positive test for COVID-19, a positive test for COVID-19, or direct exposure to a person infected with COVID-19.
• I also understand that THPRD must notify public health authorities and the families of other campers if any camper or staff member has or has been exposed to COVID-19.
• I will not send my camper to camp if:
  o Within the prior 14 days, my child has had a presumptive positive test for COVID-19, a positive test for COVID-19, or direct exposure to a person infected with COVID-19.
  o Within the prior 10 days, my child, or anyone within my child’s household, developed a new cough, fever, shortness of breath, or another symptom of COVID-19.
  o In addition to the foregoing, I understand that I may not send my child to camp unless my child also has not had a fever for 72 hours (without the use of fever reducing medication) and any other COVID-19 symptoms are improving. A list of symptoms can be found on the COVID-19 websites for the Oregon Health Authority and Center for Disease Control and Prevention.

THPRD’s COVID-19 safety rules and precautions, and the expectations for campers and families, may be updated to reflect new guidance from health authorities and updates state or local rules applicable to running summer camps. THPRD will notify you of any changes to its rules or expectations. Please direct any questions or concerns about THPRD COVID-19 safety rules and precautions to Sabrina Taylor, Recreation Manager (staylor@thprd.org).

By my signature below, I acknowledge that I have read this COVID-19 Acknowledgement of Risk and agree to follow safety rules. I understand and acknowledge that despite the COVID-19 safety rules and precautions that THPRD is implementing, THPRD cannot eliminate the risk that my child is exposed to COVID-19 at THPRD’s summer camps. I fully understand the information provided and agree to the terms.
