#### E-bikes

Jeff Pazdalski, Executive Director of Westside Transportation Alliance, gave a presentation about bikes , the various types, regulations, safety, advantages and benefits to the community. He suggested THPRD partner with community organizations that are already working in this space to educate people about the trail system, and enhance ridership by engaging with large employers. He recommended signage (speed, bike use areas). Laura suggested delineating bike and non-bike parks if ridership increases significantly. Margaret noted that she has found no evidence that supports that signage can change behavior.

Laura encouraged breakout rooms; requested facilities reopening as an agenda item.

Respectfully submitted,
